### Audience:

Educators, School Nurses,  
Administrators, Law Enforcement  
Officers, and Parents

*Part of this training cost is covered  
under a grant from the Wisconsin  
Department of Transportation*

The purpose of this two-day training is to enable education professionals to identify chemically impaired individuals and types of drugs for the purpose of ensuring a safe learning environment.

**Day 1** is designed to be a general information day which includes:

- Introduction and overview
- Drugs in society
- Policy, procedures, and roles
- Drug identification
- Overview of alcohol
- Drug categories and their observable effects
- Issues involving the law
- Contacting parents
- References

**Day 2** is designed to be a skills training day which includes:

- Eye examinations
- Vital signs
- Divided attention tests
- Poly-drug use
- Assessment Process

### Objectives of this training are the following:

- Describe the involvement of drugs in school and society
- Name the seven drug categories and recognize their effects
- Describe drug impairment signs and symptoms
- Properly interpret the results of your observations

**Cost:** \$50.00 for Day 1 only; \$100.00 for Day 1 and 2  
Includes Continental Breakfast, Lunch, and Participant Manual

**Credit:** Graduate credit from Viterbo University is available for an additional cost of \$200; participant must attend both days
