### Technical Assistance

**1,040** Youth, School and Community Staff trained in QPR (Question, Persuade, Refer) Suicide Prevention

**541** Views of Online AODA Modules

“Exceptional trainer. Highly skilled with good knowledge of schools.”

“Great and beyond expectations.”

“One of the best workshops that I have ever been to. It will be very helpful as a way of looking at many of the problems our students feel and tools were given to help them.”

“I thoroughly enjoyed this presentation. The style and flow of the presentation was excellent. Appreciated the video clips and interspersed activities. The presenter’s relaxed, approachable knowledgeable style made engaging in the course easy.”

“The information is very useful and will be somewhat easy for me to implement in my groups. The challenge will be bringing others on board, but if I remember to *start small*, stay positive and don’t give up. Things will work out.”
